

Immigration and Customs Enforcement Policy, March 11, 2026 draft

As Unitarian Universalists, we recognize the inherent worth of every person and show compassion and fairness to all people. We are a diverse community that includes many nationalities, immigrants, and native-born and naturalized Americans. We seek to make our worship, activities, and building a welcoming and safe place for all.

In furtherance of these values, we do not consent to Immigration and Customs Enforcement (ICE), Border Patrol, or other law enforcement officers enforcing immigration laws entering our building without a judicial warrant.

Adopted by the Policy Board April 1313, 2026
